

# Klondike Snowmobile Association

## April 2025 News

Welcome to the Klondike Snowmobile Association's April 2025 news update! For all the latest Yukon snowmobiling news, events, trail conditions, safety tips, and more, please check out our website at <http://ksa.yk.ca>, like us on [Facebook](#), and follow us on [X](#).

---

## Come See Us at the Rec Expo

The City of Whitehorse is hosting a Recreation Expo at the Canada Games Centre on Sunday 04 May 2025. Admission is free and the doors are open to the public from 11:00 am to 2:00 pm.

The Klondike Snowmobile Association will be there, along with dozens of other local groups showcasing the wide variety of recreation opportunities available here in the Yukon.

Stop by our booth for a chat and learn more about us, what we do, and how you can get involved with your local snowmobiling community!

---

## Grooming Wraps Up

It's been another good year of grooming multi-use trails for you, and our grooming season has wrapped up for the spring.

Our volunteers spent countless hours this season grooming multi-use trails for you, as well as with all of the maintenance and logistical activities that go with it. Hopefully our members enjoyed the trails as much as we did.

We have also provided grooming services of late to some specific user groups while out on our regular routes. We have made people happy in, but not limited to, seniors Elder Active kicksledding outings; cross country ski trails for students; and started trail packing after significant snow events of lower Riverdale for walkers, bikers, strollers etc in the non-motorized area. We have received great feedback from these new snowmobile related activities and look forward to continuing to serve our community next season.

Our groomers are all put away for the summer, however we're hoping to do more grooming next season and we're already working on plans to on board a few more operators next season. Feel free to reach out any time with any questions!

---

## Trail Conditions Page

Now that spring has sprung and many trails are rapidly melting away, our current trail conditions page at <https://ksa.yk.ca/trails/trail-conditions> has been put to bed for the season.

There's still good riding up in the backcountry, but most of the designated trails in and around towns are now either plowed or melted enough that they're no longer good for snowmobiling.

A huge thank you to everyone who helped us out by sending in trail reports this season! Our trail conditions page is only as up-to-date as riders like you make it by sending in those reports.

The rest of our website will continue to be maintained and updated year-round, and we look forward to seeing your reports again next season!

---

## Group Snowmobile Rides

Thank you everyone who attended our group snowmobile rides this season!

We had a great time riding with our members this season. Our volunteers hosted a variety of rides this year, including a Just For Fun ride in December, a ride around Dawson City and up the Top of the World highway in January, our annual Take A Friend Snowmobiling ride in February, and a trip up the Livingston Trail in March, all of which were successful.

Keep an eye on our coming events page at <https://ksa.yk.ca/coming-events/> for more snowmobile events, and please get in touch with us any time you have a suggestion for an event!

---

## End of Season Survey

Each spring the International Snowmobile Manufacturer's Association puts out a quick online survey for all snowmobilers to complete at the end of their riding season.

The survey takes less than five minutes and all answers are 100% anonymous. The answers are collected and used to determine trends in the snowmobiling industry. Knowing these trends helps manufacturers, governments and associations like us better serve the snowmobiling community today and into the future.

As your snowmobiling season comes to a close please help us out by taking the survey at <https://www.surveymonkey.com/r/Snowmobile2025>.
