

Klondike Snowmobile Association

August 2025 News

Welcome to the Klondike Snowmobile Association's August 2025 news update! For all the latest Yukon snowmobiling news, events, trail conditions, safety tips, and more, please check out our website at <http://ksa.yk.ca>, like us on [Facebook](#), and follow us on [X](#).

K.S.A. Member Social Gathering

You're invited to the Yukon Transportation Museum on Thursday 23 October 2025 for a season opening social evening!

Join us in the bush pilot room from 5 till 8 pm to enjoy some snacks and beverages while meeting other Yukoners with a passion for snowmobiling and discuss all things snowmobile related.

This will be a great opportunity for riders of all experience levels, all riding styles, and all skill levels to learn more about snowmobiling in the Yukon, meet some new riding friends, and share some ideas for the upcoming snowmobile season.

New riders are encouraged to come out and learn more about snowmobiling and experienced riders are encouraged to come out and let us know what you want to

see this season. The Klondike Snowmobile Association board will also be there and 2025/2026 memberships will be available.

While you're there be sure to join us in the hangar for a special presentation of the freshly updated snow grooming exhibit!

Mark your calendars and we'll see you there...

Free Avalanche Clinic

This fall we're hosting a free avalanche clinic for Klondike Snowmobile Association members. It will take place in a snow area near Whitehorse and will be a good opportunity for members to see what's out there for avalanche equipment, have a chance to check your own equipment, and learn a bit about being in an avalanche.

This will a free clinic for K.S.A. members presented by Ryan Bougie, a certified avalanche training instructor who has generously volunteered to do the clinic. This will NOT be an official Avalanche Safety Training Course, just a free informal clinic. Information on how and where to purchase a certified avalanche safety training course will be available for any members who are interested.

If you are interested in attending this clinic please let us know by email to klonsnow@gmail.com, so we can let the instructor know how many attendees to plan for. Once the date and location are determined we'll send a reply e-mail to everyone who indicated interest with the dates and details.

Membership Season Is Here!

Nights are getting cooler, leaves are changing colour, school zones are a thing again, and that means snowmobile season is coming up fast!

All 2024/2025 Klondike Snowmobile Association memberships expire on 30 September 2025, and we're now accepting renewals for the upcoming 2025/2026 season.

Beat the rush and renew online today! Full membership details, a list of current membership benefits, and an online membership registration form are all available any time on our website at <https://ksa.yk.ca/membership>.

New members are always welcome as well, so help us spread the word by telling your friends!

Looking for Volunteers

Like most snowmobile organizations around the world, the Klondike Snowmobile Association relies on volunteers for everything from office administration to memberships to trail maintenance to organizing events for our members.

Currently we're in need of more volunteers to fill these roles. If you want to get involved with your local snowmobiling community, the Klondike Snowmobile Association is a great place to get started.

Looking for ideas on how you can help? How about organizing a group snowmobile ride for us this winter? We're looking for volunteers to plan and lead some rides for our members, if you're interested check out our Volunteer page at <https://ksa.yk.ca/membership/volunteer/> for more information, or contact us any time!
