community. The Klondike Snowmobile Association board will also be there to hear from you, so stop by and say hi!

Grooming Season Wraps Up

Spring has sprung in the Yukon, and with that our grooming program has wrapped up for another season.

A huge thank you to our team of dedicated volunteers that make grooming happen! All of our groomers are volunteer operated and each season they spend hundreds of hours grooming multi-use trails for all outdoor enthusiasts to enjoy.

This season was a great snow year, and our K.S.A. grooming sleds kept busy alongside the volunteers who generously brought their own machines out for grooming. Our big groomer also started out busy, however a transmission failure took it out of service for the second half of the season. It's fixed now, and will be back on the trails working for you next season.

Our [Current Trail Conditions](#) page will remain open until the end of April. Check it out and send in your reports directly from there using the form at the bottom of the page.

End of Season Survey

With snowmobile season wrapping up, the International Snowmobile Manufacturers Association (ISMA) has released their annual End Of Year Snowmobiler Survey, and they want to hear from you...

Survey link: <https://www.surveymonkey.com/r/Snowmobile26>

All snowmobilers are encouraged to take the survey. It's anonymous and takes less than five minutes. The information gathered is important because it helps snowmobile clubs like us advocate for riders like you. The insights gathered each year helps to:

- *Provide up-to-date statistics to clubs, sponsors, governments, and other partners.*
- *Promote the positive impacts of snowmobiling.*
- *Improve snowmobile safety and education programs.*
- *Develop new and improved snowmobile designs.*
- *Guide planning efforts for the future of snowmobiling.*
