Trans Canada Trail National Trail Sector Study

Trans Canada Trail is taking a pulse on Canada's trail sector, and they want to hear from you!

The Trans Canada Trail plays a role in many communities all across Canada. They have launched a national study to gather perspectives from across the country to better understand how these trails are used, supported and experienced.

Whether you use the trail occasionally for recreation, regularly as a volunteer, or daily for commuting, you're input is much appreciated. The survey is open to all Canadians, is anonymous, and only takes a few minutes to complete.

Take the survey today on Trans Canada Trail's website at <https://tctrail.ca/news/trans-canada-trail-launches-national-study-to-take-the-pulse-of-canadas-trail-sector/>

Summer Trail Work

Snowmobile club volunteers are working for you year-round! We have a few trail projects lined up this summer, including installing some new Trans Canada Trail signage at Wolf Creek, brushing and repairing the Ridge Road Heritage Trail up in Dawson City, and a few more minor projects. If you are interested in helping out this summer please let us know! Check out our [Volunteer page](#) any time for more information.

Braeburn Lodge

Braeburn Lodge, a popular meal stop and staging area on the historic Dawson Overland Trail north of Whitehorse, and well known for its gigantic cinnamon buns, has announced they will be closing down.

Braeburn Lodge was a true Yukon business that operated year-round for over 35 years. They were a generous supporter of the Klondike Snowmobile Association and a popular stop on many of our snowmobile rides over the years.

The Klondike Snowmobile Association would like to say a huge thank you to Steve, Leigh, and their team, for their decades of support and for the many delicious meals over the years!
